Machine overview

2022 Miyano BNA-42DHY3 42 mm twin-spindle CNC turning centre with Y-axis, driven tooling, Hydrafeed MSV 65 bar feeder, Filtermist FX4002 extraction and Cromar Combi 500 conveyor.

Year of manufacture	2022
Manufacturer	Citizen Miyano
Machine type	Multi-Axis Lathes
Listing status	Available
Location	United Kingdom
Photograph gallery	8 website photographs

Machine highlights

- 42 mm bar capacity
- Twin spindle · twin turret
- 70 mm Y-axis travel (±35 mm)
- Superimposed machining
- FANUC CNC control
- Hydrafeed MSV 65 with BSU · 1.5 m bars
- Filtermist FX4002 extraction
- Cromar Combi 500 swarf conveyor
- Approximately 8,000 power-on hours

Full machine details

A compact, highly capable CNC fixed-head lathe combining twin spindles, twin turrets, Y-axis machining and C-axis control. With approximately 8,000 power-on hours, this 2022 Miyano BNA-42DHY3 offers versatile turning, milling, drilling and back-working capability with FANUC CNC control.

The eight-station main turret and six-station secondary turret support simultaneous front and back machining, while superimposed machining helps overlap operations and reduce cycle times. Miyano's rigid construction and hand-scraped slideways provide a stable platform for accurate, repeatable production.

Key features

- 42 mm main-spindle bar capacity

Details and availability as listed 24 November 2026. Confirm specification and supply scope before purchase.

- Twin spindles for front and back machining
- Eight-station main turret with Y-axis and driven-tool capability
- Six-station secondary turret for back-working operations
- 70 mm Y-axis travel (±35 mm)

Main spindle	up to 6,000 rpm
Sub-spindle	up to 5,000 rpm
Driven tooling	up to 5,000 rpm

- C-axis control and superimposed machining
- FANUC CNC control

Included equipment

- Hydrafeed MSV 65 bar feeder and BSU for 1.5 m bars
- Filtermist FX4002 mist extraction
- Cromar Combi 500 swarf conveyor

A well-equipped package for manufacturers seeking productive bar-fed machining and reduced secondary handling.

Contact Swiss CNC for pricing, inspection arrangements, delivery, installation, training and further information.

Details and availability as listed 24 November 2026. Confirm specification and supply scope before purchase.
